These events are open to all eligible 18 and older who live or work in the Mt. Hood community.

Here are some things to know about the COVID-19 Vaccine:

- None of the vaccines contain live virus and they cannot give you COVID-19 or change your DNA
- Even if you've already had COVID-19, the vaccine is added protection for you and those close to you
- 20-45% of participants in clinical trials for the authorized vaccines were Hispanic or Latinx
- All of the authorized vaccines have undergone transparent and thorough testing and trials to determine their safety
- Side effects, like a sore arm, headache, or tiredness, are very common and should go away in 1-2 days
- Second dose appointment is scheduled for June 9<sup>th</sup> at the same time and location
